

ENJOY SAFE, FDIC-INSURED DEPOSITS FOR LARGER DOLLAR AMOUNTS

Now, you can enjoy secure, FDIC-insured CD investments for amounts well over \$100,000, even into the millions—thanks to a new Commonwealth Bank investment program called CDARS (Certificate of Deposit Account Registry Service).

With this program, we'll place portions of your total investments in amounts under \$100,000 with other FDIC-covered banks. That way, all your money is fully covered. And you'll have just one relationship, one bank, and one statement to deal with. It's that safe and easy. And another example of how we do more for you.

For more information about Commonwealth Bank CDs over \$100,000, call Felisha Dowdy at 502-259-2286.
