FIELD TRIP FACTORY™

Dear Educator,

Allow us to introduce ourselves:

We are Field Trip Factory, the premier provider of educational and complimentary field trips in Canada, and we are coming to your community.

Our trips:

- align with provincial educational standards
- are hands-on, experiential, and impactful in real world environments
- partner with local businesses to bring educational experiences to students of all ages
- are fun!

Our newest field trip, **The Creative Quest**, hosted by Michael's, features an interactive, educational scavenger hunt that focuses on the six elements of art. Participants will tour their local Michael's store, learning about the fundamentals of art as they go, then create their own self-portraits to take home.

To sign up for The Creative Quest, or other field trips, please visit:

www.FieldTripFactory.ca or call toll-free at 855-383-0900

Interested in receiving updates about interactive, educational programs near you?

Send an email to info@fieldtripfactory.com and include the first name, last name, and email addresses of your educators or faculty.

We look forward to bringing creative lessons to life with your organization.

Feel free to contact us with any questions,

The Education Team

Field Trip Factory

About Field Trip Factory:

Field Trip Factory brings lessons to life in a whole new way with experience-based educational programs for groups of all ages. By providing hands-on activities in real-world environments, Field Trip participants experience learning in a context that is relevant to daily life, and always close to home. Each provides fun, interactivity that links to valuable teaching moments.
